WE DESIGN  
SPACES WHERE  
EVERY DETAIL  
IS IMPORTANT.

✓ We combine shapes, materials and colors. We match furniture with complements and accessories that go well with each other and with those who live among them. We create quality spaces where the only rule is harmony.

✓ Spaces created to make you feel at ease, surrounded by beauty.

✓ Harmony is the starting point and the ultimate goal of our idea of home. Harmony is the synthesis of our work because it generates happiness. Harmony is us, harmony is Natuzzi.

NATUZZI.  
OUR STANDARDS ARE HIGH.  
WE GUARANTEE IT.

### **At Natuzzi, we leave nothing to chance**

We consider it our duty to oversee and manage every stage of production, from design to home delivery, from the leather tanning process to final assembly. Attention to detail and quality, compliance with the law and eco-sustainability are commitments we make to ourselves and to our customers.

### **Created & Made in Italy**

The Italian Design Centre is the creative heart of our company, the place where all collection designs are conceived. Skillful artisans construct all our furniture at the Natuzzi factories in Italy.

### **The Value Chain**

We manage the entire production process ourselves. Our Friuli plant tans our leather hides. Our Campania plant produces

Ecoflex polyurethane padding without freon or other harmful substances. And, our carpentry division only uses wood from sustainable forests.

### **Our Commitment Guarantee**

Our charter of values, code of ethics and international certifications are proof of the commitment we have made to transparency and legality. Our environmental management system is ISO 14001 certified and integrated with the ISO 9001 Quality Management System.

### **Recyclable Materials**

Re-vive is made with top-quality materials, many of which are recycled and recyclable. Aluminium, steel, plastic, leather, fabric and polyurethane are all salvageable and recyclable when the recliner is no longer in use.

### **Quality Testing**

Like our sofas, Re-vive recliners undergo extensive load, stability and impact strength testing in compliance with very strict international regulations.

### **Warranties**

Re-vive is made to last. That is why we provide a **5-year** structural warranty and a 2-year covering warranty.

PUGLIA,  
OUR MUSE  
AND OUR HOME.

Levantine resourcefulness, southern hospitality, ancient values, traditions going back thousands of years at the fingertips of men and women.

And the feelings, the sense of family, the handshakes of a time gone by. This is Puglia, the land of origin of our inspirations.

THE SEA, THE LIGHT.  
OLIVE TREES  
HUNDREDS OF  
YEARS OLD, SHEER  
CLIFFS HANGING  
OVER THE SEA,  
FIELDS AND  
VINEYARDS.

The warmth of the fireplace in the old farmhouses; the magnificent castles; the elegance of the Romanesque cathedrals; the changing light in the white towns.
